I love everything Daniel Tiger stands for so his books we really enjoy! I grew up with Mister Rogers neighborhood and once I discovered Daniel Tiger is the animated part of his legacy company I bought most the DVDS and books I could find. When searching for Easter books I saw Daniel Tiger had a book so I decided to buy it and a few other books my son likes. I know the moral of the stories always have a good message in them so I am very happy buying them. I plan to buy the 3-4 books that will be released in May coming out as well. If you like what Daniel Tiger stands for add this book to your collection!

Very cute, follows the first part of the tv episode well where Daniel's class has an egg in an incubator that they have been waiting on to hatch. The book really focuses most on being patient

and waiting and what you can do to pass the time while you wait. It is not an easy read for beginning readers but it is a great book for adults to read to children who are younger.

The best series of stories for little ones! Nice that the TV show coordinates so your child is familiar with the characters. The stories in this series are always fun and geared perfectly towards this age group. There is not violence and any conflict is handled so well, with lessons for both children and their parents. Years from now, we'll look fondly on the memories of our little one's early years with Daniel Tiger's Neighborhood, where a sense of friendship and community, tolerance, and love are celebrated and not criticized. Thanks to the legacy of Mr. Fred Rogers we have a continued opportunity to expose our children to these important life lessons.

This was a good choice for a toddler, who is a fan of Daniel Tiger and his friends. It's a good story for having conversations and looking for things on the pages. Involves imagination and learning patience to see what's in the egg and activities that help while one waits.

What's to say? Daniel Tiger is adored by my grandson and teaches wonderful values. Can't go wrong if your child/grandchild loves Daniel.

My 18 month old had been OBSESSED with DT for six months now. She LOVES the episode where Duckie hatches. Which is not even an episode. It's a segment in between scenes. But I'm so glad someone figured out that scene is toddler entertainment gold and put it into book form. It blew my baby's mind to see her favorite tv show novelized. She enjoys and picks this book often for nap and bed time. Definitely with it. I do like that it's the right amount of text and the pictures lose no detail. Great book version of a classic DT moment.

Nice book for Easter and seeing baby animals

We can never go wrong with Daniel Tiger in our house. We are putting this in our daughter's Easter basket. I'm excited for her to learn about waiting and patience with Daniel and friends!
