Al Hirschfeld is one of the greatest caricaturists ever to have put pen to paper, and this monumental retrospective is a testament to his genius. From '30s icons like actors Alfred Lunt and Lynn Fontaine to the stars of Seinfeld, Hirschfeld's fluid line has limned some of the most enduring images of our favorite entertainers. The collection opens with a biographical essay by New York Times writer Mel Gussow that sketches the arc of Hirschfeld's career and the development of his reputation as a chronicler of American show business. Additional essays by Arthur Miller, Kurt Vonnegut, Whoopi Goldberg, and Hirschfeld's daughter Nina cast further light on the artist, but the bulk of the book is, of course, given over to his wonderful drawings. Hirschfeld has written that it is his aim to capture character, rather than caricature, and each of the hundreds of images reproduced here encapsulates its subject perfectly, without ever resorting to cruelty. After more than six decades, Hirschfeld has recorded the careers of generations of performers, and this collection further illuminates his work by including comments on each drawing by the artist himself, providing a delightful personal history of Broadway, Hollywood, and all points in between. --Simon Leake

Broadway and Al Hirschfeld are as inextricably linked as Alfred Lunt and Lynn Fontanne, the Marx Brothers, or Stella and Stanley Kowalski? a Hirschfeld drawing elevates both artist and image to the status of cultural icon. The 500-plus drawings, paintings, and photographs selected for this celebratory jewel span Hirschfeld's 70-year (and counting) career and are a moveable feast of art and theater history. In addition to laudatory tributes by Mel Gussow, Arthur Miller, the one-and-only Nina, and others, Hirschfeld himself provides delightful insight and commentary on most of the drawings, dishing up anecdotes, quips, and bon mots that would have made best friend S.J. Perelman proud. Regretfully, a 32-page section of full-color photographs was not available for review. For anyone who cares a whit for the theater, has ever perused the theater pages of the New York Times, or assiduously tried to find each and every hidden "Nina," this treasure chest of Broadway booty is an unmitigated joy. ?Barry X. Beautiful book in almost perfect condition. Hirschfeld was a genius with design, the use of line, the use of black and color. The portraits are so well done. The hair and eyes are very creative.. The most fascinating thing is that the work is more than valid now in 2017. The dust cover design is exceptional and tells the whole story. The book arrived in very good condition and arrived very fast...earlier than expected.

Long admired Hirschfeld's "line" style illustration and this was purported to be the best complete collection of his works. Not cheap, but very well organized for reference.

EXCELENT

Right blend of pictorial and prose content. Thoroughly enjoyable. Don't miss a chance to see the power of a mere drawn line.

Wonderful book....a beautiful book...

It made a perfect Christmas present.

Beautiful book. Wonderful reproductions and good text.

A lot of big images. I love it.
