Great accompaniment to the text! I use this in private in-home Spanish classes (I'm a teacher), and it allows me to offer extra practice and reinforcement to my students that they can't get exclusively from the textbook. Also of note: this workbook is practically USELESS without the accompanying CD/Audio (2 volumes) - also available on , thank goodness ;)

The workbook arrived with 158 pages missing. Da!!!

Here a little before the suggested time. Hopefully it will help me in class!

My book was delivered very fast after I ordered it. I was extremely satisfied with the book's condition, it was clean and no rips or stains.

Everything was perfect. Sent to me very next day in perfect condition. I use this daily for my Spanish class. It's a great workbook and has helped me significantly
