Customer Reviews

Gail Gibbons has published close to fifty distinguished nonfiction titles with Holiday House. According to "The Washington Post", "Gail Gibbons has taught more preschoolers and early readers about the world than any other children's writer-illustrator." She lives in Vermont. Her website is www.gailgibbons.com

We loved this book! It was a perfect companion gift for the tool bench we gave our grandson.

A gift for my Grandson who loves tools and learning about them. He loves this book and he and his parents have learned about tools

Came in perfect shape and grandson loves it. Love this authors non-fiction books for kids.

Nice book.....exactly what I ordered.

Good hardcover library book to be used in a 1st grade classroom. It still had the tough plastic wrap on the book sleeve.

This is a visual treat for young builders, with its simplistic but winning drawings of basic tools that kids can readily recognize.

Love this book! Not only is my son learning the tools, but I am as well!

Gail Gibbons books are always good!
