## Customer Reviews

I love the music to Cinderella. My students loved singing this music!

liked

I was disappointed in the arrangements, they were very simple and not pleasant to listen to. In my opinion, many of the songs sounded clunky when played. I love the recording, but wasn't too thrilled with the piano/vocal score.

Just posting for customers to have information. Some songs have chord notation, while some do not. I would have preferred to buy the 1960's musical book, but it is out of print.

It's a masterpiece to begin with, and I love this book. It's useful for my voice lessons and it's very clear. It came right on time, and was in beautiful condition.

I was hoping these would be the new arrangements from the revival, but they're not.

Great book of songs from the Cinderella Broadway musical - love this music and the songs are written for piano, melody for solo, and chord letters.

Great but did not have the latest Broadway arrangements . An updated version would be good
