Customer Reviews

In this sequel to *The Indian in the Cupboard* and *The Return of the Indian*, Omri and Patrick are hailed as heroes after they ward off a burglary by a gang of hoodlums. Luckily for the boys, none of the adults take much notice of the miniature bullet holes in the walls, and with the secret of the magic cupboard intact, they are free to secure medical aid for Little Bear's band of wounded Indian braves. During the melee, Patrick finds a way to send himself back in time to the Wild West, and brings back not only cowboy Boone's girlfriend Ruby Lou for a miniature wedding, but a tag-along cyclone that almost destroys the city. Though the story will delight readers with the same richness of character and deft storytelling as its predecessors, the action scenes and cupboard time-travel sometimes stumble in an effort to top one another, obscuring the simple wonder and detail that distinguished *The Indian in the Cupboard*. Still, this fantasy-adventure is gracefully enhanced by a powerful concern for the care of all human beings, no matter how small. Ages 7-12. Copyright 1989

Reed Business Information, Inc. --This text refers to the Hardcover edition.

Grade 4-6-- It takes a cyclone to bring things to an acceptable conclusion for Omri, his friend Patrick, and the plastic figures turned into people from the past who inhabit Omri's room with the help of magic key and a special cupboard. Readers of *The Indian in the Cupboard* (1985) and *Return of the Indian* (1986, both Doubleday) will want to know what happens, especially to Little Bear; his wife, Bright Stars; Boone, the softhearted cowboy who still likes his "likker

Purchased this series for my 7 year old grandson....who loves them! As I read a chapter or two per evening, even my husband was anxious to hear the next chapter and learn how the story unfolded.

I loved this book as a kid and now I am reading it to my kids. They love it. Their ages are 10 down to 5.

Husband has been looking to rent this movie for about 7 years and no where ever had it for rent... Finally decided to look for a hard copy and found it for only \$12 bucks. He was so happy, it was his and his grandmothers favorite movie and really was the best "just cause" gift.

I love this story. Don't know why I never read it back in the 60s but it was very enjoyable. I gave it to my grandson to read and he liked it too.

Excelelnt book as usual, Bought if for the kids, and re-read it myself. An awesome blast from the past

Great book for kids. Don't watch the movie if you read this book. The movie stinks compared to it...just like every other movie.

I was happy with the book. It is a gift to my grandchild and I hope will become an important part of her library. Incidentally, I made a bookmark with a ribbon and an old key.

I remember having the *Indian in the Cupboard* read to me by my 6th grade teacher and how much I loved it. I am happy to be able to share and read the series with my kids. They've loved the whole series so far and get excited to read every sequel. I've enjoyed this book as well. It's a great

continuation from the book before it. We will be done soon and I'm purchasing the next book in the series to keep the excitement going. Book was delivered fast and was as expected.
