Personal Finance For Millennials: Using Simple Planning And Budgeting To Manage Your Financial Future

Synopsis

Are you tired of living paycheck to paycheck? Do you feel completely unprepared for the big events in life like marriage and children? Money can be incredibly intimidating, but just a little knowledge about it can go a long way towards ensuring that you have an excellent financial future. Perhaps even more important, though, is the fact that just having a simple financial plan in place can take an enormous amount of stress out of your life and your relationships. This book is designed to help you get through the basics of personal finance - evaluating the current state of your finances, building a budget and beginning to plan for the future. The concepts are simple and easy to understand, because just knowing the basics goes a long way when it comes to money. Pick up Personal Finance for Millenials and start yourself down the right financial path today!
