Patrol LEO. I bought this book back when I took my entrance exam. I got an 89% on my test. I suggest this book to anyone who is facing a written police entrance exam because it is very helpful.

Ok I gave it four stars only because I didn't like the lay out of the answer sheet. For the most part this book hit the nail on the head. I've taken the police written test numerous times for the Montgomery sheriff dept here in Montgomery, Al. I admit. Leading up to the test I didn't study this everyday. I took the test and the book really helped me. Both the book and the test had memory, math, and map questions. I'm looking forward to my test results. My advice to you candidates or anybody that who's taking any police test in the near future is: PAY ATTENTION TO EVERY WORD THE QUESTION IS ASKING. detail is important. Good luck guys!

I bought this book because I wanted to pass the police written examination. As of today I have passed the test with flying colors. This book is truly useful as it helped me pass. The regular exam is easier than this book but it provides a lot of good content such as vocabulary, memory, and comprehension. I highly recommend buying this book as it is worth every penny

Definitely prepared me for exactly what the test would be like. Passed with with ease thanks to this book. It's a must buy!

Ordered this book for a friend to take police exams, he did very well and said this book was extremely helpful!

I have been a cop for a long time. I tell new people this book is a great investment. It gives you the reasons behind the decisions we make and why some answers are better than others. Get it. You Will do better on the test.

Son in law liked it

Great for Nypd test, but it's not so good if you're taking a Texas test.
