I choose five star because the book explains clearly the behaviorally pattern of some religious leaders or may even be pastors who are in self-denial of their misbehavior and misconduct on how they treat their members using the scriptures to make them feel right, and the person seeing their behavior will even judge the person being rebellious to authority or you are causing division inside the church, wherein you just want to correct and speak the truth. Thank you for the insights that you use, it really do exist in churches, so be aware, stand your ground and nothing move you when you speak the truth. In conclusion, Romans 3:10, "There is no one righteous not even one." Romans 3:23 "For all have sinned and fall short of the glory of God." Thank you so much for writing this book!!! This really helped me a lot as an additional reference on my master research! Kudos for being bold and speaking the truth in love! God bless!!!

To all those who love God but who do not want to be abused in God's name by their church leaders, you'll love this book. If you've ever felt you've given your best and you didn't run at the first sign of

trouble in a church, but there came a point when you had been stripped of so much inside that you had to go, yet you were talked about from the pulpit as if you had given up on God, this book is for you! Don't use it as an excuse to not submit to your church leaders, because clearly God tells us we should. Don't use it to justify leaving a church because the leaders didn't listen to you about changing the songs the choir sings or because the pastor didn't come visit you in the hospital. That's not what it's about. Use it as a guideline to see when the things that you're being pressured to submit to cross the line from godly submission to man's manipulation and control. For those who would try to tell you that this book is not from God, remember this--David had a submissive attitude to Saul, when he was in Saul's house and afterwards. But when Saul tried to kill David because of his own emotional demons, DAVID RAN and GOD BACKED DAVID! So don't let church leaders tell you that you're wrong to leave a church in which abuse is being justified in God's name.

Eye opener! This book tells it like it is.

great book, right on, very educational. This book has helped to put an understanding to what I knew but couldn't put my finger on.

Good book and well worth the read. I believe this book is out of print now according to the author. Arrived well packed from the seller. Very nice!

I have just come out of a church just like this. I couldn't believe that this book described it to a T. It was absolutely amazing. It really helped me and my husband. It put to rest a lot of questions that we had and made us realize that we aren't bad or crazy people. There are really places like this book describes. If you are in an abusive church or have come out of one, I say READ THIS BOOK. It came in the mail last week and I opened it and read it in 2 1/2 hours. I did not put it down. That is GOOD! Enjoy and God bless!

this is a well written book and well researched. You not only identify forms of abuse but also are provoked to look at yourself and see if you are harboring anything. Very good for some one who is feeling something is just "not right." Great help and insight. There are questions at the end of every chapter that deal with the issues discussed in the chapters just read. Makes you think.

If anyone has been subjected to a controlling church this book will help identify some of the traits

that they may have been exposed too. You have to read this book with a prayerful mindset or you will not be able to differentiate what is for you and what is not. What I mean is, that this book at least to me is good at identifying controlling behavior of leadership, but it may cause you to see all leadership in that light and that is not true. We need Pastors that God has given us to watch for our souls not, control our lives.
