I watched this movie with a group of friends and we stopped halfway through to get a breath and many were both laughing and crying at the same time. (in1995) If you love true stories, happy stories, stories of hope, you'll love this!A true story about a shy obese student and how the world affected his vision of himself. Guy Doud is a real person and he has a story that is told, mostly by himself, that will have you in tears of laughter. There will be so many conflicting emotions laid before you repeatedly you will be hard pressed to express them as fast as he delivers them. The story is so real yet naturally entertaining it's all quite hard to believe in it's, low definition, low drama, low special effects condition. There's a message here for ALL people and It shows what is possible when people care and how much power a TEACHER holds in their hands. EXCELLENT!

This is great for anyone who is becoming a teacher.

A must for every one involved to teaching youth. It brings out all the baggage kids bring into the classroom. Have your crying towel out. Guy Dowd is terrific and a GREAT EXAMPLE as to what a teacher should be. A AAAA rating.

guy doud is a delightful speaker, and this recording has so many wonderful life lessons for people of all ages. doud reveals his own past to us, and the inspiration that led him to teach and touch the lives of others, which led doud to become the recipient of the "teacher of the year" award. he reveals to us that it can only take one word to either make or break a child. doud's speaking ability is amazing, his message inspiring. he captures the attention of his audience, creating a desire within the heart to be a better, kinder person. i recommend this to anyone who would teach... and don't all of us teach in some capacity?

Movie was fantastic. More than what I expected it to be. The message it sent was spot on. I will be showing this to my education students.

Guy Doude has been given such a loving gift in translating his life story into a great teaching skill that can touch and transform other lives!! Just watching this story moves all your emotional senses because I think all of us at one time or another in our lives we were that person he describes. I can fully understand why he was chosen "Teacher of the Year"!! This is good for ALL ages to view because it is a very thought provoking movie!!

great

The tape is exactly as advertised and I was pleased with the condition of the case and the tape. I could not have asked for a better deal.
