Bride On A Budget: 10 Tips For Getting Hitched Stress-Free And Not Completely Broke

Synopsis

Planning a wedding? Congratulations! This is sure to be one of the most exciting times of your life! Unfortunately, it can also be one of the most stressful and expensive. This short book contains 10 easy ways to save THOUSANDS on your wedding. The average wedding in the United States is around \$30,000. If you are anything like me, this will be way out of your price range. Luckily I learned a lot of easy ways to save money along the way of planning my own wedding, and I wanted to pass those along to you. Hopefully I can save you a little bit of a time, and a whole lot of money.

Customer Reviews

This is a book that absolutely needed to be written. I have known several people who wanted to get married but decided against it due to the costs. This book shows that you can get married, have a nice wedding, and do so without spending \$30,000 or even more. The typical wedding can be a financial nightmare when you factor in the costs, but this guide shows you numerous alternatives to the most expensive components of a wedding. From choosing the best day to many DIY ideas, this book can save you a lot of money while helping to ensure that an affordable wedding is a great

wedding. Regardless of your financial means, you can have an amazing wedding, and this book shows you how. If you're engaged or thinking about marriage--but are concerned about the costs--then I definitely recommend picking up this book.
