The Nature Of France: Brittany

Synopsis

In this abundantly illustrated guide, naturalist Dennis Furnell and his wife Ann introduce the reader to the ancient region of Brittany; rich in nature, wildlife, landscape, history, food, and wine. Four "departments" of Brittany are explored; C tes d'Armor, a lovely area much influenced by the sea; Finist re, with its dramatic coastline; the small but varied Ille et Vilaine; and the beautiful Morbihan. A general introduction to the natural history, ecology, and human history of each place is followed by detailed introductions to the major sites. Highlights include the dramatic cliffs at Cap Fr hel; the nature reserve at Les Sept Iles; Le Park, with its country lanes, forests, wood valley, and wild heaths; and Cancale, renowned for its seafood. Written with enthusiasm and knowledge, this is an ideal companion for travelers and rambblers.

Book Information

Paperback: 221 pages

Publisher: Pallas Athene (July 1, 2003)

Language: English

ISBN-10: 1873429894
