Customer Reviews

Amy Knapp was a businesswoman with a promotional advertising company when her daughter contracted meningitis at the age of two months. Realizing that she was going to have lifelong challenges and disabilities, Amy sold her business to become a stay-at-home mom, only to find that her organizational tools didn't help her be productive in a home environment. To fill the gap, she created Amy Knapp's Family Organizer, now in its sixth year with accumulated sales of over 500,000 copies. She lives in Kalamazoo, Michigan.

I have used many organizers over the years and this is by far my favorite. I picked it up last year at a book store and did not hesitate to order it again this year. I love that the grocery list is perforated and easily torn off. You simply can not beat the price considering the quality of the product. I was a little worried when I saw the reviews about this years pink print but I took a chance and when mine arrived it was blue just like the picture. One very small thing I do not like is the back cover. Like I said it is a small thing but the planner would be more appealing to the eye if the instruction that are on the back cover were on the inside of the back cover or a simple sticker that could be peeled off

like the label on the front. I wish it was available in a twelve month version. It feels so wasteful to purchase this planner for August when last years goes to the end of December.

This is the best planner I have ever used. Actually, it's the only planner I have actually made great use of. It has a 2-page calendar of each month plus weekly pages with places for meal plans and grocery list. It has a to do list and place for prayers. I use it everyday and my family looks at it daily to see what is happening in our house for the week. There are extra pages that I customize to my life for birthday and Christmas gifts, cleaning schedules , monthly and yearly, projects and crafts, medical info, doctor info. I add small tabs so I can find things easily. I love the pocket in the front. (Wish it had one in the back too!) I made my own pocket for the back cover. The 18 month set up made it easy to use it from August to August when the kiddos were in school. Now I use it from January to December. Great Planner!! Buy it soon. They go quickly.

This is my favorite planner of all time! BUT this year only the spiral bound binder was available and I have a seven hole punch binder. I had to disassemble the planner and punch my own holes to be able to use. Please next year print the planners with the holes punched in them or I will have to buy another kind of planner.

I've used her date books for several years. I will only switch if she discontinues making them. I love all the features!

Have been using these planners for years and love them.

Favorite planner so far, my 2nd year using this Organizer. Really like 18 month format organizers that start in August with the school year. Even though I only actively use 12/18 months (to the following July), it's still so helpful to have the overflow to write upcoming events that I transfer to next years calendar when August rolls around again. Please never change that. Just to clarify, the 2018 Christian Family Organizer is blue it's the 2018 Family Organizer that is pink on the inside. Love that the sticker on the front of the planner comes off easily, thank you for that!! Really like the "Monthly Projects" column provided each month. I always use the weekly "To Do" section as well as the "Menus" and "Grocery" columns provided, all very helpful. There are approx. 8 lined "Notes" pages in the back which I use as well to jot down misc. information throughout the year. What I think could improve this organizer would be to provide a built-in bookmark or two or even just an elastic strap to

group a section together so I can flip to a page faster would make it perfect.

LOVE IT!
