The Witcher Volume 1

Synopsis

Travelling near the edge of the Brokilon forest, monster hunter Geralt meets a widowed fisherman whose dead and murderous wife resides in a eerie mansion known as the House of Glass, which seems to have endless rooms, nothing to fill them with, and horror around every corner.

Book Information

Series: The Witcher (Book 1)

Customer Reviews

Paul Tobin is comic book writer whose best known works include: The Age of the Sentry, Marvel Adventures: Fantastic Four, Marvel Adventures: Super Heroes, Marvel Adventures: Spider-Man, and other titles predominantly for Marvel Comics. He has also published Colder and Bandette with Dark Horse Comics. Paul lives in Portland, Oregon, with his wife, comics artist Colleen Coover. The author lives in Portland, OR..

The comic is great . The story is good , it is excited , and the last part of the story took a dramatic turn , made me felt surprised . If you are a fans of the witcher , you must buy it ; If you are seeking a good story to read , I highly recommend you to read this comic book .

With the popularity of the Witcher 3 a lot of people are starting to venture into the rest of Geralt's adventures, and I can easily say this is an another great entry into the larger series. A fantastic Witcher story with great art.

I've always been a fan of Hellboy so admittedly the cover art sold me on this book. I think the writing of the story could be better and occasionally the art doesn't quite convey the narrative well, but it's an interesting story and has a wonderful creep factor. Also if you aren't a fan of the Witcher games or books it gives you enough information on what exactly a witcher is and their worldly context without actually spelling it out for you. I would definitely recommend this book.

This is probably one of the best graphic novels I have read in my life. The story is very well driven with a good and satisfying twist to it. The art is fair, but this fact makes it fit better into the Witcher Universe. I was hooked on it since the first page. If you have read the Witcher novels and love the games, this will be a great addition to your collection. The Witcher: House of Glass has so much to offer, to fans of the series and to newcomers alike.

The pages were a bit dented and I had to re-glue the front and back covers back onto the pages near the spine. Still, the other pages seem to be free of damage. Thank you

Loved this book! Couldn't wait for the next one to come out. I love the thoughtful moments the book gives you. It's not all action and gore. It's Geralt doing what he does best...being neutral and dealing with only the "real" monsters.

It kinda has the same feeling as when you're making love to someone, you're having fun and are really committed to go on for hours, and they finish in 20 minutes. The art style was epic, but I felt that the book itself was a bit short.

Keeps the same footsteps of The Witcher in games and books giving you a very thrilling and fun comic to read.
