How To Draw Graffiti Style

Synopsis

The books in the How to Draw series are especially designed for artists of all levels, beginner to advanced, who are looking to hone their skills in a specific style of artwork. The books are 6.5in x 8in, hardcover with an internal spiral binding so they lay open flat as readers follow the steps on their own canvas or paper. The books are beautifully illustrated and contain hundreds of colorful pieces of artwork, photographs, and helpful diagrams. Step-by-step instructions help guide artists through the learning process. How to Draw Graffiti Style will not only teach you about how graffiti art is made, but will also take you through how the whole culture of graffiti art evolved, and how it remains vibrant and changing today. The graffiti scene has many codes, rules, and classic styles, passed down through generations of graffiti artists. Discover how letters have evolved from the early tag through to the bubble letter, and what we see today. Explore the possibilities with 3D graffiti, using shadow and depth to bring your work off the page, wall, or even the canvas. All aspects of modern-day graffiti art (including the popular stencil art) are explained in depth. Everyone loves to draw, and graffiti is gaining momentum as a recognizable genre of art. Whether you want to graffiti on paper, on canvas, or on permitted walls, this is the book for you. Complete with easy to follow step by step instructions and expert hints and tips, you'll be an urban art aficionado in no time.

Voted the best graffiti artist in London, Kevin "Astek" Fitzpatrick is known the world over and has a huge following of fans. Being involved in graffiti for 20 years, Astek has carved his style into

British graffiti and beyond, as well as painting at events all over the world.Â Astek has exhibited his work in many galleries in Edgware and Covent garden, to name a few, along side artists like Will Barras and the infamous Banksy.Â Astek has worked with companies like Ecko Unlimited and Nike, as well as doing commission work - private and commercial.Â Astek is rated as one of the best in the world.

I was searching for references on graffiti art when I found this book. It was exactly what I was looking for. It explains the step by step process of creating letters and adding design and color. It also has vocabulary definitions for those unfamiliar with the art. Truly a great tool I included in my lesson plans when teaching students about urban art.

This book gives good examples about writing graffiti Style it also teaches you a little about drawing characters but not much. I like the authors' writing but I really like all the art,at times it teaches you more than the writing itself so overall this book is good.

I use this book as a teacher, and my students are inspired by the visuals found inside this book.It works great in tandem with the graffiti coloring books. A great resource for enthusiastic teenagers who want to create artwork with graffiti influences.

I was looking to have a bit more examples for lettering, but overall the techniques in the books covered all the different styles and tools, and was helpful on shading,painting, ect. Nice sturdy book cover with overall good art.

this is a great smaller sized, and ring bound book that comes in handy , is easy to read and follow for anyone looking to start becoming a Graff writer the new school way... an instructional book.. HA ironic but true

I was a graffiti writer in the 80s and 90s, and must say this book is composed nicely with quality paper and excellent binding. It is worth every penny Art this deal. Follow me on Instagram - @GM64US

It was pretty good, I was hoping for a bit more detail. It was interesting to have a bit of background.

Received it quickly. Gave it to my daughter for Christmas and she was thrilled. Artwork is astounding. Even I was interested in the book and learning to use the techniques discussed.
