Gave this as a gift to my grandson. He loves it.

Thank you.

It great for the beginner with excellent illustrations/graphics. My grandson loves this and other books in the series. Also, its a great reference for more experienced players as well. Great addition to the Minecraft library. Looking forward to future books in the series.

This was a gift for my 11 year old granddaughter. She says it is so much better than the other books

she has seen. She has made some fantastic worlds and creations, so I will take her word for it.

An excellent guide and easy to read and follow. Beats the daylights out of the knockoffs!

This book is so perfect for a 10 year old that doesn't like to read lol. Of course he is obsession with minecraft games and I always want him to read more so these books are perfect. He will literally read them for hours! Yay!! ÆœÅ...

This was a hit with my 8 and 9 year old boys. They can't wait for the next book in the series to come out.

I purchased this for my sons 10th birthday and he absolutely is in love! Immediately after opening it he started building on Minecraft and hasn't stopped since! I highly recommend this for ages 10 and up!
