As Willow Creek Community Church's key evangelism leader for over sixteen years, Garry Poole is the innovator of seeker small groups and a strategist of creative outreach initiatives. Passionate about reaching people for Christ, Garry and his team have trained thousands of leaders to launch seeker small groups in their own settings. His award-winning book, *Seeker Small Groups*, provides a detailed blueprint for facilitating small group discussions that assist spiritual seekers with investigating Christianity. He also wrote *The Complete Book of Questions*, a collection of 1001 conversation starters and numerous group study guides including *The Three Habits of Highly Contagious Christians*; *The Tough Questions Series*, and *Experiencing the Passion of Jesus* (with Lee Strobel) to accompany Mel Gibson's film, *The Passion of the Christ*. In 2005, it became the first discussion guide ever to receive the prestigious Charles & Jordon Christian Book of the Year award. Garry lives in suburban Chicago.

Very fun & interesting questions to make you think (but not too hard!) Good for family or friend groups, not really for new acquaintances. But maybe. Like others said, the last few chapters are rather religion based, but there are plenty of questions in other chapters that you won't need to use these if the conversation may get too heated (politics & religion, you know...)

This book is great because it encourages people to get to know one another. The lost art of conversation can be aided by knowing how to ask good, deep questions. This book has a great wealth of questions to know and to ask. I sat around one day with friends and we just read random questions and had a great time getting to know one another. It can also be a great tool for icebreakers and just in general getting to know people.

If I can't come up with a question around the dinner or get myself to talk to people, this book is great for making new friends, bonding with family members or meeting new in-laws for the first time, even for a romantic one on one date with a guy or girl- friend or married person. The questions goes from light to serious questions so it's best to follow the order, no complaints on this book!!!

Essential book for passenger seat door cubby. I keep one there for those awkward car drives where

no one talks and the ice needs to be broken. Not a bad book either for relaxing date nights at the beach or park. Lot of interesting questions to think and joke about.

Good book recommended by my church pastor during one of his summer sermons. It's been pretty helpful in a pinch like meeting new people and date nights with my husband. Keeps the conversation going and you can learn new things about other people and even yourself. If you're looking for a thought-provoking book, this is a good one.

For me this is a great book with excellent questions to initiate conversations. Ask a question and sit back, people love to talk about themselves. I use many questions from this book, to initiate conversations. When you are a little shy and have a hard time engaging people in conversations this is the book for you. ( or better said for me).

I love everything about this book. Bought it because I was starting a new job and was going to be working with college students. I used this book from the very first day of my meeting with them, and it helped everyone get to know each other faster than I expected. Will highly recommend!

The book has many very thought provoking questions. It was very helpful to promote conversation with a person diagnosed with dementia. We had many good talks using the questions despite the person having limited short term memory. It is also good to use with family members on long car rides.
