Customer Reviews

Daughter is going to climb the Himalayas. Great pre-amble for anyone going and overall an interesting read.

Excellent book.

All great. So good to hear about the accommodations. Well laid out and highly useful. Descriptions of treks was reader friendly. Will be traveling during monsoons, so good to hear about their deadlines.

Probably as good as you can find on Nepal especially Mustang.

Informative

The book is very informative and written by true trekkers. They've set me on the right path. Its up to me to do the rest.

Nothing to compare to, really. Lonely Planet has always done well for our needs.

I am so glad that I bought this book. I was planning to Trek in Nepal. I did not realize how extensive the earthquake damage was. The book clearly states which trails and which areas were affected by the earthquake.
