Daniel X: Watch The Skies

Synopsis

Daniel X thought he'd seen it all in his dangerous days of hunting outlaws-but there's no business like show business, and Number Five on his list of deadly targets is the most appalling criminal yet. An intergalactic reality television producer, he's orchestrated-literally-the extermination of millions, with a soundtrack and laugh track to accompany it. The evil entertainer's catching it all on film, and he's looking for a big-ticket draw. Who better to star than the Alien Hunter himself? Daniel finds himself cast in the lead role of a terrifying season premiere... of the gravest show on Earth.

PRAISE FOR JAMES PATTERSON:"Patterson never, and I mean never, disappoints." (USA Today Larry King)"The Man Who Can't Miss." (Time Lev Grossman)"James Patterson is king of the bestseller hill." (Publishers Weekly) --This text refers to an out of print or unavailable edition of this title.

James Patterson has had more New York Times bestsellers than any other writer, ever, according to Guinness World Records. Since his first novel won the Edgar Award in 1977 James Patterson's books have sold more than 300 million copies. He is the author of the Alex Cross novels, the most popular detective series of the past twenty-five years, including Kiss the Girls and Along Came a Spider. He writes full-time and lives in Florida with his family.

great series for boys. I purchased all the books for my 11 year old that is reluctant to read. He is getting through them all this summer (parents with reluctant readers you know the joy). Would recommend.

Once again I am not disappointed. Love these stories and the only downside is waiting on the next one when it's a series.

The book is basically a have to have. It captures you with every page, and the action is described in such detail it makes it very desirable to the fictional readers. I personally love it. It's a compelling story, that really wants you to think you're in there too fighting along side Daniel, fighting aliens for the greater good. Tis amazing. 10/10

This is number 2 in the Daniel X series. After reading number 1; I knew i was gonna have the other 4 also. This one did not dissappoint either. Great story for all ages. Got it for a super price of 1 cent thru and This one even had a bonus cd in with it. It has the first book of the max Ride series. I will be listening to that after I finish all 5 of the Daniel X series. If Patterson did a great job with that series also; I will be getting all in that series also. Try ityou might like it.

I think this is an amazing book and that I would recommend to kids ages twelve to fourteen. It was very good but not one of James Patterson's best books.

I chose this rating because some parts could be better I hope the third book will be a five star

Great series with good characters and the story is told from the heroes point of view.

This is the second book in the Daniel X series. The first one was The Dangerous Days of Daniel X. It is hard to say that i like this book because i like it but at the same time i dont like it. It is a "way out there" book. A ordinary person wouldnt think of these creatures to put in this book. I'm not saying that James Patterson did a horrible job. He did great! It was just that it wasnt his normal murder crime scene books. Over-all it was a pretty good book. TeamJacob16
