I am reading this book after becoming a hospital chaplain. The author is right on in what to expect and how to minister. The opening chapter is a gem. That chapter alone is worth the price of this book. Get this book and read Holst's experience to make you a better hospital chaplain.

Interesting, informative, with a helpful spread of experiences and theological thoughts for those of us who do the broad and often difficult spectrum of hospital chaplaincy

Excellent resource for a chaplain to read

Great product and value.

The role of a hospital chaplain is new to me, and this book did a great job in setting expectations in a clear and helpful manner. I recommend Hospital Ministry - The Role of the Chaplain Today for both the new (for expectations and insights) and experience (as an affirmation) chaplainsChaplain

Jim

I have read portions and will continue reading in the next week.

A good read and easy to follow

Great book for chaplaincy training and any sort of ministry. Easy read with allot of information provided to the reader. Very fast delivery.
