## Synopsis

Michael and his younger brother Norman, the expert pest, are off on their fifth funny and exciting adventure with their amazing six-foot-tall pet plants, Stanley and Fluffy. Norman is trying to teach Fluffy to dance the Hokey Pokey, and they are invited to display the plants at a natural history museum during an exhibit of life-size robot dinosaurs. When the boys and plants spend the night in the museum at a sleepover for kids, Fluffy tangles with a plant-eater and disappears in the dark with the boys in hot pursuit.

Great series of books for boys and girls. Fun, exciting and a little on the crazy idea side but most enjoyable. Granddaughter couldn't put it down and has read all in the series. My students loved them too.

This is very interesting book that shows that you can do anything that you want to do. Also Norman tries to teach his pet plant to do the Hokey Pokey and also say excused me after the plant burps.

But before he does teach him the telephone rings and on the phone was a Natural Museum calling him. They let him know that their plants were related to the plants that when the dinosaurs roam the earth.

Michael and Norman are off on their fifth funny and exciting adventure with their amazing six-foot-tall pet plants, Stanley and Fluffy. Norman is trying to teach Fluffy to dance the Hokey Pokey and say excuse me after it burps!!!!
