The Official Sea Glass Searcher's Guide: How To Find Your Own Treasures From The Tide

Synopsis

cindy Bilbao's spectacular photographs and helpful guidance will transform your everyday visit to the beach into a passionate treasure hunt. You'll learn where to go, when to go, what to look for and more. Sea glass has a particular magic. These are simply shards of old glass that have been shaped and polished by the sand and the sea. Sea glass can be found in a wide array of colors and can be simply collected or can be made into gorgeous jewelry. With a greatly enhanced ability to find these gems, THE OFFICIAL SEA GLASS SEARCHER'S GUIDE will open up a new world. And, from the comfort of your armchair you'll be able to envision those discoveries by thumbing through Cindy Bilbao's photos that capture the essence of what is so compelling about sea glass.

Cindy Bilbao has been a photographer of the natural world from a young age. After attending many sea glass festivals with increased infatuation she focused her photography on sea glass and her first book, Sea Glass Treasures from the Tide emerged.

Common sense and pretty pictures but read it in an hour and left wanting more for my digital \$8.00 purchase, Enjoying the Ultimate guide a lot more for twice the cost, but worth it.

Bought two other seaglass books before this because the reviews were not very good. This turned out to be the best. I only started two years ago but it has become a passion and I really loved this book.

Great photos, wished it cover places / beaches that are best for collecting.

Wow. 94 pages of the incredibly obvious. The only point of interest was the 2 pages on the origins of the glass. No examples. Random photos on every page though. As an amateur photographer, I was also underwhelmed by the photos. I believe I'll send this back. I feel like my pocket was picked.

I just started collecting sea glass. The Official Sea Glass Searcher's Guide helps explain what is sea glass and how to tell if sea glass is real or not. Good information for beginners or anyone interested in sea glass.

I really enjoyed reading Cindy's book. I love sea glass and have done a lot of beach walking looking for treasures. I loved the photos and liked the fact that the author did her own photography. I was surprised to see that the personality traits described for me, with my fondness for aqua colored sea glass, was right on. Thanks for a nice read...would have loved more.

I enjoy reading through this book and looking at the pictures. I didn't give it 5 stars because the author doesn't explain what some of the pictures represent. Price was low so it was worth buying.

Great book gave it to a fellow seaglass hunter as a gift. Totally recommending this item. Pictures are amazing and content is great also.
