A Lawyer Writes made a great difference in my teaching this year. The book explains concisely the expectations of lawyers regarding organization of legal analysis and then explicitly shows law students how to meet those expectations. The frequent examples are a great complement to the clear and accessible text. --Suzanne Rowe, Luvaas Faculty Fellow 2008-09, Director, Legal Research and Writing, Associate Professor of Law, University of Oregon
One of the best parts of *A Lawyer Writes* is its chapter explaining rules. After my students read that chapter, they really seemed to understand the concept that rules can be stated implicitly in the cases, and that it was their job to make those rules explicit for their readers. The book also provides a number of excellent, easy-to-understand examples in every chapter, which the students found very helpful. --Alison Julien, Associate Professor of Legal Writing, Marquette University Law School
A Lawyer Writes is the perfect book for the first semester of Legal Writing. It explains the foundations of legal

reasoning, illustrates those foundations with practical examples, and is an exemplary model of its own lessons about good legal writing. --Steve Johansen, Professor of Law, Lewis & Clark Law School

Christine Coughlin is a professor at Wake Forest University School of Law. Joan Malmud is a professor at the University of Oregon School of Law. Sandy Patrick is a Professor of Legal Writing at Lewis & Clark Law School.

Didn't know how to write a memo until I got this book two days before the memo was due. Maybe I still did it wrong but at least I was able to write something thanks to this book. Had My professor assigned it i would have had it from the beginning and done way better. Thank goodness my friend told me that his professor assigned it just in time.

This is a great reference tool for Legal Research and Writing class. I found that it is more useful to read the chapter that pertains to whatever the particular writing assignment is, while trying to complete the assignment. For example: read the chapter on how to write a succinct and accurate Statement of Facts, then using the case assigned, write the SOF, comparing what is written to that which is in the book. Reading the book cover to cover is not particularly helpful because most regular people do not have a frame of reference for legal writing thus making it tedious to read through all the examples that are given. Overall, I liked it and found it helpful.

Legal writes, come on, why is it different

Brand new condition, arrived as fast as I wanted it to, great job all around.

Great book to help you write clean briefs, memos, and persuasive pieces.

If its still available, then dont wait just buy this book. You end up keeping it like every others

Great condition

It's like it's never been opened, nearly perfect
