Customer Reviews

great service and product

A friend from Massachusetts was coming to visit us in Virginia and borrowed this book from her local library. It is wonderful. It is clearly written and full of accurate information. We used it a lot both to decide where to go and for reference as questions came up as we travelled. As soon as she left I went immediately to .com to get a copy of my own. The photographs are beautiful but the information is the best ever. There is a lot to cover in Virginia and this book does it well.
