Seeing In The Spirit Made Simple (The Kingdom Of God Made Simple) (Volume 2)

Synopsis

Can Anyone See In The Spirit? Seeing in the Spirit Made Simple provides clear, simple, biblical instruction that will help you see into the invisible world of the spirit. It is the second book in The Kingdom of God Made Simple series; a self-study course designed to train believers how to live out the fullness of the life offered to us as heirs of God's kingdom. The predominant view in the church today holds that seeing in the spirit is a rare gift given to only a few special people, or an anointing we must seek. With the same straightforward, down-to-earth style used in Divine Healing Made Simple, the author holds this view up to the light of scripture, and suggests that it has no biblical basis. Rather than being a gift given by God to only a few people, seeing in the spirit is an innate ability we all possess, which lies undeveloped in most of us. Through prayer, training and exercise, this ability can be awakened and used by virtually anyone. The author provides Bible-based teaching along with dozens of testimonies and illustrations. There are also practical exercises at the end of the chapters to help develop your ability to see in the spirit. Praying Medic and his wife have only recently learned how to see in the spirit. Come along as they re-trace the path they've taken that has led them to see angels, demons and the heavenly realms. Whether you're a seasoned seer or a newbie, you'll learn from the experiences and insights they share. Not only will you develop better spiritual eyesight, but your relationship with God will grow too. Here's a Preview of What You'll Learn: Misconceptions and Myths About Seeing in the Spirit The Biblical Basis for Seeing in the Spirit The Nature of the Spiritual World Angelic Appearances The Word of Knowledge Working Creative Miracles Visiting the Heavenly Realms Dreams, Visions and Trances Interpreting Visual Revelation Motives for Seeing in the Spirit Seeing in the Spirit and Healing Seeing in the Spirit and Prophecy Seeing in the Spirit and Intercession Seeing in the Spirit and Deliverance Seeing in the Spirit and Spiritual Warfare Seeing in the Spirit and Emotional Healing How to Give a Prophetic Word From a Vision How to Know if What You're Seeing is From God

Praying Medic is a paramedic and author living in Phoenix, Arizona. Since 2009, he has written about the miracles God has done through his medical practice. He is married to his best friend and business partner. His life goal is to teach people to live as ambassadors of God's kingdom. His books and articles are intended to inspire, challenge and if necessary, provoke readers into a deeper relationship with God. He has a personal blog (<http://prayingmedic.com/>) where he writes about the miraculous. You can contact him there.

When I first learned that Praying Medic was writing the book *Seeing in the Spirit Made Simple*, I was very excited. I knew that if he covered this topic in the same way he covered *Divine Healing* that he would make spiritual sight accessible to many, many people. With clear instruction well supported by scripture, this book makes seeing in the spirit simple. The exercises in each chapter will help you to engage and develop as well as the numerous examples and testimonies. This is one of the best books written on the subject and I love the way he explains how spiritual sight can work with and enhance our gifts and callings. (healing, prophecy, deliverance, spiritual warfare etc.) Lots of real life examples to inspire and encourage you! I highly recommend this book!

The Praying Medic made this book into short easy to manage chapters. Drawing near to God Why do we need another book Objections to Seeing in the Spirit Gift or Ability The Spirit World Visions Angels Interpretation and Confirmation Seeing and Prophecy Seeing and Healing Seeing and Deliverance Seeing and your personal life Each section is an overview of the topic. Each uses Scripture for support. Each chapter contains accounts to show what the topic looks like in the real worlds. The author tries to present all the information in as basic of terms as possible so that everyone can easily understand. This is not a full length discussion in each chapter, but enough to give you a working understanding of what is happening. At the end of each chapter there are exercises to help you see more in the Spirit. Each exercise focuses on the material presented in the

chapter. Some of the material presented I have heard differently from other people which gives me an opportunity to dig deeper in those areas. There were several areas that confirmed what other people have told me from their experiences of Seeing in the Spirit.

I just bought this book and am almost done with it.. It is hard to put down. I love it! It makes seeing in the spirit so easy. I think it should be normal to see in the spirit and find it hard to believe that some Christians have a problem with believing it for today and for them! Author Robin Bremer Raising the Dead, Angels, Supernatural Wine, & Other Normal Christian Experience

I purchased this book to better understand the Courts of Heaven. I appreciate the author sharing if you are struggling in seeing the courts, read this book. I am someone who is a dreamer and has been since a child, but never knew what they meant. As I read this book, it allowed my dream/vision activity to increase. I also learned to be okay for asking more established leaders in this area for help. This is something I usually avoid. Thank you for making this book very practical. I do not have all understanding, but am growing in seeing in the Spirit.

Very impressed with the honesty and how simple to understand. I agree with much as I can identify with much said. For those with gifting of this kind it makes much sense. Stumbled into this book and was not able to put it down. It spoke to my spirit and most that may not be familiar would discard the humble accounts shared. I am now reading Divine Healing as I have prayed over someone once from 104 degree of fever and they were instantly healed to my and their amazement. It's God of course as I am Nobody special, there's more going on no one realizes. Very good, I also was healed from one day to another (home hospital bed, use to drag myself through the floor to do things, help my kids) I walk and I see not in the depth as Praying Medic but I get it. He speaks truth. Get the book, you were born for more...humble yourselves, gifts include you if you believe. Hope Praying Medic can write more on sensing in the spirit, scents, and hearing, discerning tips on what one sees. Th a man! Æ Æ Æ™Æ Glory need more bold ones..too many sick people.

YES!!! This definitely sheds some light on areas that I have personally struggled with. I am glad to be able to call Praying Medic friend. He has offered insight and wisdom on this topic on many occasions. I am glad to see many of the things he has shared with me are in here as well. I know this will be a great tool to help people navigate through some interesting new waters.

This book brings a deeper understanding about learning to see in the spirit in a very practical way. So many authors write books about things but don't teach how. Praying Medic helps people to understand it in a way that people don't just hear about experiences but actually have an opportunity to practice it. I had a friend who read this book and from it God did a major work in her marriage. Great book!

The author of this book explains seeing in the spirit and related spiritual topics in clear, easily understandable terms. What I liked the most were the personal experiences that he shares in the book. Another bonus is the contemporary books that he references along with Scriptural basis for seeing in the spirit, healing, visions, dreams. I recommend it as a good, basic book for understanding how to see in the spirit.
