My Catholic Pray And Play Activity Book

Synopsis

Children love to solve puzzles, fill in the blanks, find words and connect the dots. They will find loads of fun activities such as these, and more, in this unique activity book. What makes it special, though, is that the activities have a specifically Catholic religious theme, i.e., prayers, saints and making the sign of the cross. The activities are clever and challenging and are illustrated with charming, inviting art work. The sheets themselves are reproducible and are aimed at children from kindergarten through third grade. This book is a terrific gift and the perfect way to teach the Catholic faith to parochial school children, CCD students, and Sunday school and children's liturgies participants.

"full of ideas is "My Catholic Lent and Easter Activity Book" by Jennifer Galvin (Paulist Press, 2003)" -- Milwaukee Catholic Herald, March, 2004"with reproducible pages that make it ideal for classroom studies as well as home use." --Milwaukee Catholic Herald, March, 2004

Jennifer Galvin writes the "Read and Play" book-review newspaper column that has appeared on both sides of the coast, as well as contributes articles to many family publications. She lives with her husband and three children in Virginia.

I love the drawings and range of activities. Most will not be too difficult for my 6 year olds in Faith

Formation class this coming fall. I always like to have something fresh and different on hand for them, and the drawings are simple, yet thought-provoking.

Great workbook. Very useful for home use or in the classroom setting. I recommend this for all Catholic children in the Second to Fifth Grade..

This book has many helpful ideas for elementary teachers (and parents) in teaching religious concepts in a fun way. It can be incorporated into any existing teaching curriculum.

Another really poorly made book from this author. She doesn't come close to have any artistic ability. I promise you that whatever she has in this book, you can do within an hour of your own time without any trouble. If you have your little one do the drawings, you'll have the same quality of art or maybe better.

I would highly recommend this activity book. I bought one for each of my sons, ages 5 and 7. They don't even realize they are learning as they are playing!

Having used Jennifer Galvin's two other titles, My Catholic Pray and Play Activity Book and My Catholic Lent and Easter Activity Book, I was thrilled to see this one out in time for me to use it with this year's second grade CCD class. My students enjoy the whimsical diversion from their standard text that Ms. Galvin's worksheets provide, and I appreciate being able to give them something they perceive as pure fun that I know is still imparting the lessons of faith and devotion that I'm there to teach. I can't wait to start using these Christmas pages.

This book is wonderful! The activities are fun and have a surprising amount of variety to them. They'll keep my kids busy for HOURS AND HOURS! :-)) Definitely a smart investment for parents who like to bring coloring books to church, or even for teachers. The activity sheets are reproducible. I also have to comment on the drawings--they are ADORABLE!

If you're looking for a book that teaches important lessons yet has a light, whimsical fun style, this book is the one to choose! Ms. Galvin has a deft hand with the artwork and her activities are wonderful for making learning fun. My kids loved the book and enjoyed both the artwork and the activities!
