Permission To Slurp: The Insider's Guide To Tasting Specialty Coffee In Colombia

Synopsis

Colombian coffee is known around the world. Grown on mist covered hills by successive generations of hard working families, coffee from Colombia is considered some of the best. However, appreciating and evaluating that coffee – whether you’re visiting a farm in a coffee growing region or you’re sitting at a café in a big city – can be a challenge. Colombia’s specialty coffee scene is now in full bloom, but coffee experts often generate as many questions as they answer. Why do they ask you what flavors you taste? How should you answer a barista who asks what coffee region you’d like to order? What should you answer when they gesture to a series of bizarre coffee brewing methods and invite you to choose one? And why do they insist you slurp? The good news is that you don’t have to run screaming out of the coffee shop or flee the farm. *Permission to Slurp* will prepare you to impress the pros and talk coffee on their terms. You’ll become an insider, cracking the secret code of the specialty coffee scene. Yes, this book will guide you to the perfect cup of coffee. More importantly, it will set you on the path to a whole new world of flavors. You will learn about coffee plants and the care that everyone in the coffee chain – from coffee growers to roasters to baristas – lavishes on the precious coffee beans. *Permission to Slurp* will introduce you to the sweet discovery of a coffee culture you hadn’t experienced before. And you’ll realize that you can change lives and shape futures by understanding how hundreds of thousands of coffee growers and their families benefit when you purchase specialty coffee. The heart of Colombia is coffee. Be a part of it, and start your journey with this book, *Permission to Slurp*. About the author Karen Attman is an expert on Colombian specialty coffee. She is the owner of *Flavors of Bogota*, which brings to light the small and large aspects of coffee and food in Colombia. She is also the founder and operator of the Specialty Coffee Shop Tour that takes locals and visitors into the hidden world of specialty coffee in Colombia. You can probably find her on any morning getting her dose of Colombian coffee at specialty shops around Bogota. Or, follow her coffee adventures at FlavorsofBogota.com

Customer Reviews

This book it's simply awesome! I am a coffee lover but I was a bit ignorant about my love... I feel better empowered to try new brews and actually know what to look for. The book is so informative yet simple and easy to read. It has a bit of nice humor without getting into sarcasm. It's a serious reading for the frolic coffee drinkers. Slurps up!!

What I appreciated most about this book was the bounty of tips that can turn an everyday cup of joe into a gourmet experience, no matter where you might be in the world. A friendly introduction to the world of specialty coffee that wasn't as intimidating as I first imagined it might be, this book should be on every coffee drinker's must-read list.

If you have read any of Flavors of Bogota articles then you know this book is going to be good, and you are making no mistake. From the first page you know Karen is passionate about coffee and most of all: she knows coffee! You simply cannot stop reading it, very easy to read and Karen's writing is impeccable as always. A must read.

This book guided me in appreciating and understanding the basics of coffee in Colombia. Witty writing easily helps to sort facts and appreciate the work that goes into a cup of coffee. Great quick read.

I enjoyed it a lot ... and I have not finished it yet ,,, , thank you !!!! ... I would love to be in Bogota right now and enjoy that coffee tour so striking ...

A fascinating book that discusses the different types of quality coffee in a simple but attractive writing style

Funny & informative!

This book is written in a simplistic format and breaks down the origins,types and properties of coffee in colombia down to the bean. Its a pretty interesting read and leaves you with the desire to grab a cup afterwards! Highly recommend it
