What a waste of money. I can't use ANY of them. I have never heard of most of the songs, at least not in the US. Maybe Australian? I don't know, but I couldn't even use one song, and I really need some easy and fun baritone ukulele camp songs, ones that are more familiar. "Hurrah for the Cook", "Every Little Cell" and "Shoes of John" are some of the songs here. I will keep looking.

I have no kids and got this book in case I get to help children and perhaps very old silly adults have fun. It has a nice selection of tunes, sometimes adapted from folksongs, tells you which two chords needed for which songs and is likely to create quite a few giggles from a group. My only complaint, a minor one, is that there probably should have been a third key as well, because unless an evening or a kiddo practice session is very shor, things tend to become a bit musically boring if there's only two keys and 4 chords.

had to go to their website because i don't know the melodies, but awesome fun songs with only 2 chords.... perfect for bonfire friends and a day on the patoon

Really fun little songs and great for sing-a-longs. There are lots of old and new tunes in this great little book. I will use this in my music classroom as well.

This book is great for kids (and adults!) who want to learn to play ukulele but who don't want to wait to "make music." Wish there were other books like this! For around \$3 on kindle, it's completely worth it!

The book is a great addition to my ever growing Uke book library. The selections are perfect for my beginning skills.

Great beginner book. The songs are easy and fun to practice. I would have liked to finish the book before giving this book.

easy to play.
