Customer Reviews

Very helpful on our recent trip to Maui. It was great to know what to expect when driving around the island. Traffic and life is slower in Maui which is why we vacationed there. We enjoyed some of his recommendations and stayed away from the tourist stuff he said wasn't worth our time.

The book is written in a very casual style. Not what I was expecting at all. The tips may or may not be good, hard to tell, but it surely isn't and 'essential vacation guide'.

Interesting but not much really good information. For \$.99 it is worth the read though.

Where are the maps?! I hate when it makes a person keep writing when there is nothing left to say.

Simply put this book is the best guide to enjoying all the the highlights Maui has to offer. It is a no nonsense personal tour guide for all the best restaurants, snorkeling, activities, hotels and night life. It also includes considerations for the kids. This is a one stop shop for everything you need to know to plan your next vacation to Maui.

Quick and easy to read...now we are ready when we land in Maui and won't waste any time on restaurants or useless activities.

except food stuff,, not much about sites or hikes or other fun stuff. nothing about tha most interesting parts of maui

okay book on maui.
