We took this guide with us on our honeymoon to Thailand and visited Bangkok, Chiang Mai and Koh Samui. The information for Bangkok and the cultural sites there was pretty comprehensive and we referred to it frequently for ideas on what to see and where to eat. The information for Chiang Mai and Koh Samui was also good with respect to the "what to see" part, but we found the restaurant recommendations to be more touristy or kinda dated in those locations. Maybe this was personal preference, though. Our biggest complaint was that the maps could have included more of the places mentioned in the book, especially when it came to the shopping locations covered in each city. The guide discusses multiple places to go, but gives fairly vague descriptions of the locations, such as a street name- which occasionally turned out to be a very long street with few markers or indications of where exactly we were trying to go. The guide did give addresses for the hotels and restaurants/nightlife and depicted those on separate maps for each city, but it would have been really helpful if they had also depicted the stores and/or shopping sections on the maps or given addresses as well since those proved to be the hardest to locate. Overall, it was a decent guide for basic info, but the maps and locational information could be better.

Some of the maps and information is incorrect. This caused much confusion in Chiang Rai and Yangon. You cannot walk all the way around Inya Lake as the book says (we were lost for an hour.) The lake in Yangon that you can walk all the way around is Kandawgyi Lake.

useful

Great for preparing for trip. Honestly didn't find it that useful once in the country. I more just went with the flow of the Thailand than consulting the guide book. But good for background knowledge before the trip!

Not enough history. Very cursory information

I use Fodor for all my travel needs.

Very well organized. A wealth of information including higher end accommodations not always included in travel guides.

Good Product. Fast Service
