Founded in 1947, Hal Leonard Corporation has become the worlds largest print music publisher, representing some of the greatest songwriters and artists of all time. We are proud to publish titles of interest to all musicians as well as music lovers, from songbooks and instructional titles to artist biographies and instrument price guides to books about the music industry and all the performing arts.

One of the best investment I have made. Only one issue they make you flip pages because the

song may start in the middle of the page. I am sure they did this to save weight, paper and printing. Still a great value.

Lots of old favorites. Page after page after page. You look at the titles and think "I haven't heard this in a while but it's a great song and fun to play" . Hardly any bluegrass at all, but lots of other stuff to amuse yourself with.

Great book! This is a great compilation of songs covering many styles of music from the 60's through the 2000's. Personally, I was excited to see artists such as Pink Floyd, Queen, Green Day and Janis Joplin included in the mix :) This book is as advertised on the cover. It includes melody, lyrics, chords, and chord diagrams. It does not include TAB notation, however there is quite a bit of reference information available from other sources that can help someone who doesn't "read" music to play successfully so that shouldn't be a problem. This book has plastic spiral binding and is quite heavy. I would recommend making sure that your music stand is very sturdy. I'm sure I will get years of use out of this purchase!

Full of awesome tunes!

Great book! Lots and lots of great songs, it's just fun to try the different chord progressions and sing along. Helps you build muscle memory for the different chords.

It is really a nice book

Colis bien re f su, tout est parfait, tr s bon emballage. Avec tous mes remerciements

still working on several songs , but there is a great diversity of music
