"Diary of a Minecraft Zombie Steve: Beeper, Volume 1, is a hilarious and exciting story about the horrible child, Beep, and the strange things that happen as Zombie Steve tries to get him back home. Along the way, they encounter all sorts of fearsome monsters: giant cave spiders, huge ocelots and a bone yard full of Bone Men, but Beep manages to terrorize anyone or anything that

gets in his way. Steve's really got his hands full. Steve keeps the reader up-to-date via his diary entries, and they're a lot of fun to read. The illustrations included in this work really help to make the story real, at least as real as anything in the Minecraft Universe can be. That said, Beeper is a well-written and nicely plotted children's adventure tale that kept me interested and entertained. It's highly recommended." -Readers' Favorite Review

He's tall, green, and out to scare! When he isn't out scaring villagers and the occasional miner, he writes about his adventures in his diary. Deep down inside, it bothers him that he's so scary. In his adventures, he gets a chance to show the world that there is more to him than just being a zombie. Find Out How Steve Became a Zombie @ www.TheMCSteve.com

Let me preface this review by saying that I am not a big minecraft fan and I don't know much about it except that my son LOVES it. I decided to listen to this audiobook with my 7-year-old son and my 5-year-old daughter. My son liked the book a lot. I didn't understand who all the characters were because I don't really play the game, but the story is good. All three of us got a lot of laughs from the different situations that the characters got into. The book was narrated by MC Steve and I liked his narration - it really seemed to fit with the characters and made them come alive. Overall, this is a great book for Minecraft fans, and yet, it is still enjoyable for those who aren't.

This was definitely worth my time to read! I must say, I'm loving these Minecraft Diary format books! Also, loving the fact that this is priced at zero on . ***SPOILER ALERT***As I was nearing the end of the book, I thought it was going to be an ultra cliff hanger where Steve was held captive. But then, Beep came out of nowhere and saved the day! Overall a great story!

as described

Grandson happy with this!

I love your books there amazing! And when a book ends I always panic cause I don't want the series to end I finished the first second and third book it's the only books I will read and I Will be very very sad if you stop marketing these books I hope you make more have a great night! =)

Zombie Steve isn't your typical zombie. Not only does he not eat brains, he seems to have a well

working brain. I enjoyed it for a quick, easy read and will be getting the series for my grandsons.

Even if this book is not an official minecraft diary book its still amassing in my opinion and u look forward to teadimng more NY this author. And the fact that this book is free is amazing.

This book was a fun read! I wish that it was much longer though. I would recommend this book to all Minecraft fans.
