## Customer Reviews

A thrilling read! Tim Rose fills this book with incredible descriptions and characters. It felt authentic and reminded me of images and places in the south. This novel really goes into some deep topics about the past and nostalgia for it. He makes a lot of hard hitting subtle points about how the past can corrupt us if we focus too much on it and can't move on with our lives. I thought that was really neat and it is done in the backdrop of this terrifying story. I really couldn't get

enough of it.

Horror isn't my usual genre, and in truth this is the first horror story I've read. I picked it up because I knew the author in the Marines and wanted to show some support. Overall I was really impressed with the story. It was very well written, the pace was on point and kept the story moving, and I had a hard time putting it down! For the military readers out there I appreciated all the little nods to training that are scattered throughout, but it's certainly not a military novel nor does it require any military knowledge to enjoy. It reads quick but that's half the fun, and it kept me engaged throughout. I would recommend this book.

I liked the book, in that it was a horror story that I was looking for. Once I started reading it I had a hard time putting it down. At every chapter when I thought I knew where the story was going to lead me, I was taken in a different and surprising direction. I enjoyed this book immensely and I highly recommend it.

Awesome! This book looked really cool. I thought a Civil War type of modern thriller looked interesting. It was excellent and I couldn't put it down!

Cool little legend, if that's what you want to call it. Fascinating read that has a much different feel to it than anything else I've read. Tim Rose's descriptions are very vivid, and the storyline will definitely keep you hooked. Very suspenseful. I highly recommend this book!

The Legend kept me mesmerized thru out I would become involved with the characters and could not have guessed the ending. Good reading Exciting and intriguing Looking forward to the Legend.

I really enjoyed this authors quality writing and the way he built suspense. The images were strong. I can't wait to see what he will publish again.

Totally creepy and I mean that as a compliment! I was totally enthralled and couldn't put it down. Words of caution... read with the lights on!
