Val Pierce developed her skills over the years and her designs now feature in a selection of national magazines in the UK as well as numerous books. Her inspiration comes from the environment around her, using different colors and textures within her knitted and crocheted patterns. Â

I have made a bear already, and it is very cute!

These are great bears and make great lovable gifts for young people. Thanks for fast delivery.

Book of cute bears arrived. Many different bears to try. Arrived quickly and well packaged.

Super cute book. Some patterns seem a little difficult, though.

My kids loved the first bear I made. However, part of the pattern was incomplete, and I had to improvise to finish the bear. I can't wait to start the second.

Easy

This book is really great. Want to make one of every bear in the book. If you like to make cute things this is a wonderful variety of bears and clothes. Got this mainly to make up with stashed yarn and sell at our church bazaar before Christmas. Think there will be a lot of interest in these. There are both boy and girl bears so they will appeal to everyone.

I haven't had a chance to knit any of the bears & outfits yet, but they are really cute. Plan to knit them for my 2 young granddaughters.
