Customer Reviews

Robert J. Art is Christian A. Herter Professor of International Relations at Brandeis University, Research Associate at Harvard University's Olin Institute of Strategic Studies, Senior Fellow in M.I.T.'s Security Studies Program, and Director of M.I.T.'s Seminar XXI Program. In 2006, he was recognized with the Distinguished Scholar Award by the International Studies Association.

Robert Jervis is Adlai E. Stevenson Professor of International Affairs at Columbia University; he is a former President of the American Political Science Association. --This text refers to an out of print or unavailable edition of this title.

Arrived as suggested, gave to classmate he said it was a very nice copy. Was well received. Thank goodness for everything.

I am using this book for my Introductory international relations class. Art and Jervis choose excellent

articles that counter each other so you are able to form your own opinion based on various scholars. Though it is not comprehensive, the text is essential to learnings in International relations

Good primer

Great quality and clear printing but...The price is ridiculous for just renting it for a semester. Not worth it.

I order this copy of the book and was given a later version that was not easy to follow for my course.

very interesting, but not a light read. I'd suggest taking notes in the margins, highlighting and looking up the references. and don't forget the caffeine some of the included essays can get a bit dry

A great book that can open your eyes to politics. From knowing very little about the topic, I can proudly say that I learned a lot having now read this book.

Good sampling of international relations material in a well organized fashion. It's a great introduction to the field. The only disappointing part is not having the full texts of some of the samplings, as many of them are so interesting! That's what a library's for...
