An Uninterrupted View Of The Sky

Synopsis

Modern history unearthed as a boy becomes an innocent victim of corruption in Bolivia's crime world, where the power of family is both a prison and a means of survival. It's 1999 in Bolivia and Francisco's life consists of school, soccer, and trying to find space for himself in his family's cramped yet boisterous home. But when his father is arrested on false charges and sent to prison by a corrupt system that targets the uneducated, the poor, and the indigenous majority, Francisco and his sister are left with no choice: They must move into prison with their father. There, they find a world unlike anything they've ever known, where everything—a door, a mattress, protection from other inmates—has its price. Prison life is dirty, dire, and dehumanizing. With their lives upended, Francisco faces an impossible decision: Break up the family and take his sister to their grandparents in the Andean highlands, fleeing the city and the future within his grasp, or remain together in the increasingly dangerous prison. Pulled between two undesirable options, Francisco must confront everything he once believed about the world and his place within it. In this heart-wrenching novel, Melanie Crowder sheds light on a little-known era of modern South American history—where injustice still looms large—and proves that hope can be found, even in the most desperate places. Perfect for fans of Ruta Sepetys, Matt de la Peña, and Jacqueline Woodson. This book was fascinating and moving recent historical fiction set in Bolivia. I was riveted, completely swept up into Francisco's story. I learned a lot about the social injustices that people like Francisco and his family faced. A powerful and engaging story... highly recommended!

A moving, revealing, important book.
