Milan, Italy Unanchor Travel Guide - Milan Unknown: A 3-Day Tour Itinerary

Synopsis

Milan Unknown: A 3-Day Tour Itinerary This itinerary is addressed to curious and attentive travelers, who like to walk and mix with local people, trying to go under the surface of the city. Besides presenting the most famous tourist places of Milan, the itinerary focuses on the small and great unknown treasures of the city, that can be discovered and appreciated only thanks to the suggestions of someone who lives here. With the help of very detailed maps and itineraries you will visit the beautiful Duomo, the symbol of the city, the important Brera Art Gallery, the famous Leonardo da Vinci's Last Supper and the historical castle of the city. But you will also discover a lot of other pieces of art left by Leonardo in Milan, you will enjoy the silent atmosphere of the ancient basilicas that constellate the city, you will visit the oldest part of the historical center, far from the tourist routes, as well as some of the most beautiful parks, and you will understand why Milan is considered the capital of design, and not only of fashion. Restaurant recommendations are included, to appreciate the local cuisine avoiding the tourist menus, and some tips to orient yourself among the variety of Italian coffees.

Customer Reviews

As a flight attendant I am limited as for the time I have available to see as much as possible in say 8 hours. I was able to follow this guide and what was better as a kindle book I had easy access with my phone.

Good job. There were some helpful tips here, although we found ourselves relying more on another guide from a traditional publisher.

A very useful guide this one...every real traveller will love it! It is well structured in a three days trip and provides the reader with a real perspective on Milan, by giving hints on its hidden treasures. There is no need for googling anything: basic places and map info are already there...you need just to follow the Elisabetta's suggestions and let your eyes free to observe and your mind to be inspired

Very informative. I dealt like the idea of the walking tour, with so much to see between the major sights. The maps are a great benefit to orient oneself. Also the links to more information make this a complete resource.
