# Kauai: A Many Splendored Island

## Synopsis

The ultimate portrait of Kauai, "the Garden Isle." A series of stunning photographs leads the reader from Waimea Canyon, the "Grand Canyon of the Pacific," up the Waialua River to the romantic Fern Grotto, past the fields of waving sugar cane to the unspoiled outpost of Hanalei, and finally along the Na Pali Coast, where towering seaside cliffs have been dramatically shaped by nature. A detailed around-the-island guide also makes this informative book a handy companion for the discerning traveler.

## Book Information

Hardcover: 156 pages

## Customer Reviews

I have already viewed this book from cover to cover several times since it arrived. If anyone is thinking about vacationing in Kauai, I would recommend that they buy this book and enjoy it beforehand.

The book has gorgeous photography, and is so very true to what I experienced on the Island. A wonderful keepsake of a fabulous vacation.

As a collector of all things Hawaiian...this book is one of my favorites. You could take this book and frame every picture on the wall. This book really takes you to Kauai, and if you have never been to Kauai then it will make you want to go to the beautiful laid back not quite yet touristy island. This book has 156 pages. This book does give a little history of Kauai but I think its real purpose was to capture the tranquility and beauty of Kauai....and that is exactly what it does. You will not be sorry

for purchasing this book!

Great photos and information

The item was shipped promptly but had been billed as "like new". The inside of book was indeed like new but both the front and back binding were totally broken. I elected to mend them rather than go thru hassle of returning for a replacement. I probably should have contacted seller but since the price was so low, I figure I got what I paid for.
