ISBN-13: 978-0897212373

Product Dimensions: 0.2 x 8.2 x 11 inches

Shipping Weight: 12.8 ounces (View shipping rates and policies)

Average Customer Review: 3.2 out of 5 stars 2 customer reviews

Best Sellers Rank: #3,535,546 in Books (See Top 100 in Books) #73 in Books > Crafts, Hobbies & Home > Home Improvement & Design > How-to & Home Improvements > Roofing #8404 in Books > Engineering & Transportation > Engineering > Construction

Customer Reviews

This book is mostly for those installing vinyl siding. My project didn't include vinyl but did have a few things that translated to my hardie planks. And yes, there were a few pages on hardie planks; but most was obvious to the work.

I'm planning on re-siding my own house, and I was looking for a comprehensive guide to help me through the process. This book brushes over the basics of siding and roofing, touching on the choices available and the different tools and accessories that are used in the process, but it fails to provide the step-by-step guidance that I was hoping for. If you're looking for a comprehensive reference, look elsewhere. A better title would have been "The Basics of Roofs and Sidings".
