Bach -- 18 Short Preludes: Book & CD (Alfred Masterwork CD Edition)

Synopsis

Collected from several sources, these teaching pieces were published separately in the 18th and 19th centuries as the Twelve Short Preludes and the Six Short Preludes. Students are often introduced to these works prior to studying the Two-Part Inventions (Alfred Edition 22528). This unique edition includes the realization of ornaments and guidance concerning tempos and articulation. The Alfred Masterwork Library CD Editions conveniently combine each exceptional volume with a professionally recorded CD that is sure to inspire artistic performances. Pianist Kim O'Reilly Newman holds a Master of Music degree from the University of Illinois. She has performed throughout North America and Europe with the Hambro Quartet of Pianos and was an editor and recording pianist for Alfred Music. Kim is a brain tumor survivor and now specializes in performing music for the left hand.

Great book, but it doesn't list the BWV numbers for the works. After looking through different sources, I believe that these are the BWV numbers of the preludes as they appear in this book: 924, 939, 999, 925, 926, 940, 941, 927, 928, 929, 930, 942, 933, 934, 935, 936, 937, 938.

Excellent music for the intermediate student. Very underrated Bach's preludes. Very beautiful melodies and a great learning tool.

This book has all of the 18 "little" preludes by Bach. It does NOT have the "little" fugues. The way it is printed is very clear. The binding is a bit stiff, it does not lay flat on the music desk of the piano very easily. I would have preferred a Schirmer-type staple binding.

Excelent! I love this book!

It has many of the classics needed for beginner practice. It also comes with a very nice CD as an accompaniment. Would highly recommend for beginner students.

Nice book although the songs were a lot longer than anticipated about 3-4 pages long but nice cd

The CD provides an example of how the work sounds on a modern instrument. Of use for all early players, of any age, who are attempting to learn keyboard technique that is presumably similar to what was used in the Baroque period.

I love this book. The CD that comes with it is excellent. The explanations of ornaments are detailed and the fingerings are helpful. I highly recommend this book.
