Tried to use is to follow along with the recording I ordered. Many songs out of sequence, many words are different than the recording, and the quality is not great - small print, flimsy cover and pages. Disappointed to say the least.

So, something I never knew, because I've only seen and heard this performed before... there are two songs in here containing the "n" word. This shouldn't come as a surprise given the times when this was written, but you should be aware before just casually singing through for your kids. This does contain both the words and the music, very useful.

IT IS NOT THE VOCAL SCORE!

Just the words and dialog, no music. Gives you the show in a compact form. Print is readable. Layout is good. Paper is thick enough to stand up to lots of use.

Great score. Bought this for my son to perform in the chorus in a semi staged performance at the South Shore Conservatory in Hingham, MA

bound very tightly so difficult to hold open with one hand when notating script directions, etc. However, very easy to read and holds up well.

Great score, nicely bound! No mistakes.

I was IN The Mikado but had only the chorus book to work with; had to get the full version for the most useful presentation...
