# INKLINGS 2 Colouring Book By Tanya Bond: Coloring Book For Adults, Teens And Children, Featuring 24 Single Sided Fantasy Art Illustrations By Tanya ... And Other Charming Creatures. (Volume 2)

## Synopsis

INKLINGS 2 coloring book for adults, teens and children. This is the second book in INKLINGS series - It features 24 one sided fantasy art illustrations by artist Tanya Bond . Being single sided helps to make sure that the medium doesn't bleed onto the next design through the page. However I still recommend using a sheet of card under the page when you are colouring. - Please note that createspace paper is medium to thin. If paper thickness is important to you please seek for artist edition of this book on etsy (which is more expensive). - In this book you will find fairies, pixies & maidens with their adorable companions - dragons, owls, robins, hummingbirds, animals & other charming creatures surrounded by beautiful flowers and trees. - I recommend using prismacolor colored pencils, polychromos coloured pencils, Marco Raffine, Inktense. Use promarkers/copics/sharpiers and other markers just for small touch ups as well as gel pens (use sheet of card under the page you are colouring) Join "INKLINGS colouring club" group on facebook to show your coloured inklings and see what others are doing:) Enjoy your INKLINGS colouring adventure!

## Customer Reviews

I so enjoyed Tanya Bond's first book in this series of coloring books (Inklings) that when I saw the second book was available, I purchased it sight unseen. It is another book filled with beautiful designs of big-eyed, wraith-like young women. The designs are all titled to give you some idea of the artist's concept though for the most part, you can gleam this from simply looking at the

designs. A good number of the designs have animals in them as well and those are also beautifully drawn. The designs are detailed but not overly intricate. I didn't need anything more than alcohol-based markers and a variety of coloring pencils for the first projects I colored in this book. I'm really happy to see that the artist released this volume 2 and I am looking forward to more coloring books in this series. This is what I experienced in coloring in this book as well as testing my various coloring mediums on the paper: 24 Fantasy Designs of young women with large eyes Printed on one side of the page. Typical CreateSpace paper - thin, white, slightly rough, and non-perforated Glue Bound Designs do not merge into the binding area (so you can easily cut the pages out and no twisting and turning to try to color into the binding). Alcohol-based markers bleed through this paper. Water-based markers bleed through to a lesser degree with mostly a lot of spotting. Gel pens and India ink pens leave colorful shadows on the back of the page. India ink can bleed through if multiple coats are applied. Colored pencils work really well with this paper. I can get deep color with repeated thin layers with both oil and wax based pencils. I can layer and blend well using a blending pencil. Hard leads such as Verithins can dent through to the back of the page. I used and recommend the use of a blotter page of card stock or several sheets of paper under your working page to keep seeping ink and dents from ruining the design below.

Wonderful and fanciful artwork!

Great book

love it

The paper it's really bad in this book. So thin too. I was expecting more pages for the price. The drawings are decent but the quality of paper it's awful.

Love all Tanya Bond books. What can I say really? They are beautiful and different. If you like to color people, with a touch of magic, this is the book for you.

Beautiful book by one of my favorite artists...Love it so much and I am going to have a blast coloring these beautiful pieces !

I love this book. Outstanding
