Ascended Masters Oracle Cards: 44-Card Deck And Guidebook

Synopsis

By popular demand, Doreen Virtue has created a beautiful deck of cards based on her best-selling book *Archangels & Ascended Masters*. The deck includes gorgeous paintings of 44 male and female cross-cultural deities, such as Ganesha, Merlin, Saint-Germain, Apollo, Pallas Athena, White Buffalo Calf Woman, Jesus, Moses, Yogananda, Green Man, and Kuthumi. The enclosed guidebook gives expanded explanations of each card's meaning, and a brief history of each ascended master. As with each of Doreen's oracle-card decks, the messages for each card are positive, accurate, and life-affirming.

'Doreen Virtue is the undisputed queen of angel scene' The Bookseller 'A West Coast Goddess' - Saturday Telegraph Magazine

Doreen Virtue, Ph.D., is a spiritual psychologist who works with the angelic realm, including the fairies. She is the bestselling author of many books, cards and audiocassettes, with sales of over 1M copies!

I own 12 of Doreen's oracle and tarot decks so, obviously, I enjoy her work. What I enjoy about these particular cards is that they made me want to investigate the people and the stories they were based on in more depth. Anything that sparks the desire to learn more is a good thing in my opinion.

With very few exceptions, most of them were ordinary people just like you and me, who were on a spiritual journey. They came from a variety of religious backgrounds, and a great variety of cultures who, ultimately, sought the same thing...to serve God and humanity. They definitely had their own ways of attaining that end which does not invalidate any of them. The artwork is very pleasing and in some cases (the Maitraya card) quite playful. The card stock is of decent quality and the edges are gilded gold. In my opinion, they are easy to shuffle but I am a tall woman so I have longer than average hands. Someone with very petite hands may not share my opinion. Each card has one word at the top and the name of the ascended master at the bottom. If you are in touch with and trust your intuition, the single word should be more than adequate in readings. That being said, the guidebook is still worth reading as it offers more information about the master on each card. (It was this portion that made me want more information :)). If you are open to learning about a variety of spiritual people from a variety of cultures while performing accurate readings, this is a great deck. I hope you find this review useful.

I was really skeptical about this whole oracle card thing and vibrations, law of attraction, but at the urging of a friend I bought these, more for fun than practical purposes. Well, my jaw dropped after the first reading. The cards and the explanation in the book was dead on. Luck I thought. So I tried it again the next day, two days later and so on for over a week. I really found the cards to be accurate. Not always spot on but consistently useful and at time insistent. I drew Meditation in 4 out of 7 readings. I had my husband shuffle, fanned the cards out and tried every way I could to create variables. I wanted to prove the cards wrong. Nope it obviously was not going to happen. So I am a skeptic no more. Do I understand how they work? Nope. But they are a tool in my tool box for self improvement.

I love these cards! I am a newbie when it comes to using tarot and this was the first deck I purchased. I loved them so much that I bought 4 of my loved ones a deck also. I love to share messages from the Masters with people and everyone I have shown love them as well. These cards have a really good energy and I feel like they really pick up people's moods. These cards know me so well and they always tell me exactly what I need. The pictures are lovely and I like the quality of the cards. They are thick and lined with gold. The book that it comes with explains what the card means, possible solutions, and a quick background of each of the Masters and what you can call on them for. Give them a try!

I have lot's of her decks, this one feels little cheaper and cards not as thick as the others. This why 4 stars. I only notice cause I have other decks of hers. Overall not bad.
