Mickey Flodin is the author of Signing Everyday Phrases, Signing for Kids, Signing is Fun, Signing Illustrated, and co-author, with Rod R. Butterworth, of The Perigee Visual Dictionary of Signing, The Pocket Dictionary of Signing, and Signing Made Easy.

Replacement book for one I borrowed and lost :(better condition than the borrowed one and not a bad price. This is a book that will be around forever, all your ASL needs and a easy read and study book. I'm happy with my purchase.

This is a great resource with a ton of signs in it organized by topic. It is not to be used alone, but makes a great supplement to an ASL course. ASL has regional "dialects" and some of the signs in this book are not used where I live, so you really need the guidance of a fluent signer (preferably someone who lives in the Deaf community and communicates in ASL on a regular basis). It uses standard pictures which are usually simple enough to understand. All in all, it was a great purchase

and is a great addition to my ASL "library".

The book is pretty informative however some of the signs are very old and they don't show an updated version. As an example: Who. There is more than one way to sign it.

This was gift for our granddaughter. She has enjoyed it.

Very good book. Very informative.

Good book, came on time, good condition and really well illustrated. I am a happy customer.

Love this book. It makes signing so easy

EXCELLENT BOOK!!
