Customer Reviews

love it

item arrived on time and i would buy again

Love it!

I expected in better condition then how it was actually rated when I was reviewing it online, however, the price was reasonable.

I got the tapes in conjunction with the book to practice for AP test. I don't know yet if it worked but it was easy to use.

very helpful for a senior in high school to finish her languages out with this series. It did help out

This book is one of the best preparation materials and definitely worth the price, but there are no answers- anywhere. Also, the audio CDs do not come with it.

Great supplement to your textbook. It has material relevant to the examination. It includes a list of vocabulary the teacher can give to students and exercises to prepare them for the AP Spanish 4 examination.
