Complete 3rd Marine Division Unit Rosters: Compiled From January 1945 Muster Roll (USMC WWII Unit Rosters)

Synopsis

This eBook contains the complete, searchable unit rosters of the 3rd Marine Division for January 1945. The information is organized by unit and last name. The data was compiled from the National Archives January 1945 Muster Roll, making this book perfect for Iwo Jima related studies. Every effort has been made to ensure the best possible accuracy. Please note that members of Joint Assault Signal Companies (JASCO) may not be included in this book as they were assigned "as needed" to Marine Divisions without specific division information being included in the Muster Rolls. The Spearhead - The World War II History of the 5th Marine Division is a publication that contains the complete unit rosters for the 5th Marine Division from 1943 through 1945. Although there are similar publications for the 3rd and 4th Marine Divisions, neither of these books contains complete unit rosters from any year. Please check out my other USMC Unit Roster eBooks.

Customer Reviews

This is an excellent research resource for this time period. The information is well organized. I bought all three Marine Division Unit Rosters ebooks that this author has published, and find them

very useful for my research. Practical note: I had to use font size 1 when viewing on my phone using the Kindle app or the information was truncated, but, given that the data is in a table, this is acceptable. The table headers are only on the first page of each table, but, from what I understand, this is a limitation of the Kindle.

This wasn't clear. I thought I was buying a book. Very annoying.

Great source of information for researching, exactly as described. Definitely would recommend this for anyone wanting a full roster listing.
