Greatest book ever on learning how to roll the ball so it "hunts" the cup! Once you feel it and see it hunt...you will be a believer too! I saw this book in an old book shop over 15 years ago. While I didn't buy it then, the technique seemed so simple, I just tried it out. Then, the shop closed and I had forgotten the name of the book and the author - just knew that it had something to do with "holing" putts. Then, I came across a reference in one of Michael Breener's books and was able to chase it down on .com A real golf treasure! THANKS!

I've read many books on putting. This is the best one. Technology hasn't changed this part of the game. Time honored principles still rule.
