Customer Reviews

The Jade Summer Beautiful Butterflies Adult Coloring Book measures 8.5" x 11" and has 50 coloring pages that are not perforated, but are single sided, and are printed on nice quality, black backed sheets of paper. The 50 coloring pages consist of two copies of 25 different images. All

of the coloring images feature at least one butterfly, and most include flowers and plants in the background of the coloring pages. Image pages run image 1 through 25, and then repeat. You also receive the URL to the Jade Summer website and an access code to download the PDF version of the coloring book. After downloading the PDF version of the coloring book, you can choose and print any of the 25-different coloring page designs on any type of paper, as many times as you want. I like that each coloring page image is framed with a 2 mm black border. The coloring area inside the 2 mm black border measures 7 1/2" by 9 7/8". The coloring image designs are bold, and printed with black ink that does not smudge when coloring with Prisma or similar type colored pencils. The majority of the lines used in the designs are 1 mm in width. There is a very small percentage of finer, .5 mm thick lines used in coloring image designs, that are used to detail more delicate things like leaf veins. With 50 coloring pages, and the ability to download the FREE PDF version of the 25 different designs contained in this adult coloring book, and then print any image as many times as you want, I think that you get a lot of value and coloring time for your money. Absolutely love this book, than again I love coloring butterflies. Came on time, no problems. I think the biggest reason I give this 5 stars, is the fact that after you buy the printed version you get a PDF version. That is worth any price to be able to re-print a page you like and try different color patterns.

I've bought multiple coloring books in the last few months. This one is the first that I've started at the beginning and colored every page so far (the others I have skipped pages, etc). I highly recommend this item.

This was a gift but she really liked it. The pictures are wonderful , clear and easily filled in.

I'm still coloring in this book! Great designs and so relaxing.

As always Jade is the best.

This book is awesome!

Love it
