Container Gardening Complete: Creative Projects For Growing Vegetables And Flowers In Small Spaces

Synopsis

The ideal book for urban gardeners, indoor gardeners, and vegetable gardeners, *Container Gardening Complete* is a thorough visual guide that will get you growing quickly! Whether you are growing vegetables, fruits, or flowers on an apartment balcony; creating a small vegetable garden for personal use; or decorating steps and walkways, *Container Gardening Complete* has everything you need to know to be successful. The methods described in this book are foolproof and easy to follow, with step-by-step directions and photographs, scalable projects for differing needs, and many great ideas for upscaled containers from things you have around your home. You'll get to know the ins and outs of gardening in a small space, from the importance of drainage, irrigation, and other watering concerns to ornamental combinations of plants, and the very best vegetables, fruits, and nonedibles for container gardening. This is the best, most complete book on the market for container gardening.
