Place all vegetables and oil into the Dutch oven; stir to coat. Add dry soup mix and bacon and stir. In a small bowl, combine soup with three-fourths can of water and then pour over vegetables. Cover and bake, using 9 coals underneath the oven and 18 on top, for 40 minutes. Using a large spoon, gently turn over the vegetables once or twice while cooking, do not stir. Variation: You may add grated cheese of choice on the top of the vegetables once they are done.

The spiral bound book is perfect for using on the go. The recipes are geared for outdoor cooking, but can easily be used for indoor cooking in your oven. There is some variety, but mostly basic recipes that taste good, are fairly simple, and use basic ingredients. For one beginning to cook with a dutch oven, it's a perfect starter cookbook.

Dutch Oven Cooking is a fantastic recipe book! My husband bought it on a vacation and we really like the book, in fact we have given it several times for gifts and our friends have loved it also! Cooking outdoors is a great way to bring the family together and create great memories.

I got a new Dutch Oven and didn't know what to do with it. This book came to the rescue. I have made several recipes so far and they were all wonderful - easy to follow, tasty, with common ingredients. The Dutch Oven performs spectacularly!

I live in an area that has power outages even on sunny windless days-no further comment. I have a Green Egg smoker and use my Dutch Oven on the smoker to prepare meals. The book was recommended to me by my grandson, the boy scout who uses the book when camping-and also in his fireplace during power outages.

Best Dutch Oven cookbook that I've found in years.

Great recipes!

Recipes are simple and delicious - great explanation and photographs. Liked so much I bought for a friend!
